A Discussion at The Lobby

Please join Greenwood King for an evening with

STEPHEN SILLS

will discuss how modern antique furniture can be if selected with an editing eye.

Stephen Sills' work is the assembling of collectable antique furniture with contemporary furniture. Stephen, author of the new book Stephen Sills: Decoration, achieves a cohesive and fresh design sensibility while keeping an eye on the form of classic antique furniture, which can be very contemporary. If the selection and balance is correct, antique pieces can work wonderfully with modern day objects.
